

Better People. Better Tomorrow.

We're WhiteWave. Not only are we one of the fastest growing food companies anywhere, we're also cultivating a workforce committed to making real, honest change in the world. Our people have the talent, the drive and the character to shake up the world in ways big and small. With our collective experience, passion, and commitment, we are building a better future for ourselves, our communities and our planet.

Values in Action

Every day, we're working hard to create a better future for ourselves and our communities by using our values to grow our business while also giving back through volunteerism and community building.

Learning for Life

We know a better future won't create itself. We want all WhiteWave employees to have the tools, training and knowledge to not only take on tomorrow's challenges, but to lead the change we want to see in the world.

Rewards at Work

We have the best people in the business, so we provide them with benefits and policies to help attain a healthy work-life balance, opportunities for reward and recognition and tools for their career growth and development.

Our employees define and create our culture.

We work hard to be an inclusive and fun environment, where uniqueness is celebrated and differences are respected and valued. Our Employee Resource Groups (ERGs) are grassroots organizations developed by and for employees that create a workplace we can all be proud of. Examples Include:

PRIDE

Our LGBTQIA (Lesbian, Gay, Bisexual, Transgender and Ally) group, **Pride** promotes a welcoming atmosphere, supports our fellow colleagues and educates the community.

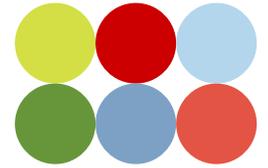

By building a community with tangible tools and resources, **Working Caregivers** helps employees balance a career while caring for dependents.

Our women's group, **LIFT**, was created to inspire and empower women to flourish in their career and communities through networking and workshops.

Building a Better Future Together

Every day, we renew our promise to build a better future together. This means living **our values**. They are at the heart of what inspires us to be better. They inform the goals that we ask everyone to pursue everyday. They are what unites us to fulfill our mission — to change the way the world eats for the better.

Integrity to produce food responsibly

Producing food responsibly means making better choices even when people aren't watching.

Individuals matter

We come to WhiteWave for the same reason: to personally make a difference in the future of this company.

Informality to enjoy our work together

No matter how much we grow or change we must remember that this is a place where our doors are always open.

Passion to lead

Each and every one of us must come to work every day with the simple goal of doing better than we did the day before.

Share what we do well

WhiteWave is committed to the environment and our communities. We must find new, innovative ways to use our company's core skills to make an even bigger difference.

Courage to learn and grow

In a constantly changing world, we must bring a healthy ambition to our work, be nimble, adaptive, and always learning.

Better Loves Company

A job at WhiteWave is an opportunity to achieve something great for yourself, your community and the world at large. For more information about working at WhiteWave, please visit www.whitewave.com/careers.
