

# We Shake Up the World in Ways Both Big and Small

A strong spirit of volunteerism and activism unites and drives us. Giving back is a cornerstone of our culture and a key to our success. The places we call home make what we do possible. So we volunteer our time and passion because we want to build stronger communities. A key philanthropic focus at WhiteWave is to alleviate hunger in our communities, and we partner with Feeding America, one of the largest hunger relief organizations in the U.S. to make this happen.

For those of us in Colorado, this commitment is reflected in our long-standing partnership with the Feeding America affiliate Community Food Share (CFS). WhiteWave provides support to CFS in many ways, including financial donations, hundreds of volunteer hours, and food donations.

Each year, WhiteWave participates in the *Compete to Beat Hunger Corporate Challenge*, which is WhiteWave's dedicated annual fundraising event. Corporate Challenge brings together thousands of employees from companies in Boulder and Broomfield counties to join in the fight against hunger. Corporate Challenge is a key initiative within CFS and our contributions last year allowed us to provide more than 1.5 million meals to those in need.
